in approximately thirty days at which time arrangements will be
made for her to enter on duty.

were confirmed for the Director to meet with the CIA Subcommittee
of Senate Armed Services at 2:30 tomorrow. Mr. Darden also
advised that Senator Russell had been extremely interested and has
asked many questions of Administration officials concerning the
transshipment of machinery, equipment and arms from the U. S. to
25X6 [] I passed along this information to the office
of the DD/I so that we can be prepared to answer questions on this
subject.

25X1 4. [] Talked with Dana Orwick, State Department,
who is the liaison contact with the Joint Committee on Atomic Energy,
concerning NIE 13-2-62. I advised Orwick that the question of transmittal
of this document was presently before the Director and we expected an
answer within the next few days. On the basis of information previously
provided by other Agency liaison contacts, Orwick had advised the Joint
Committee that a document on Chinese nuclear capability had been sent
to the Committee by the Agency. Orwick said James Ramey, of the
Committee staff, raises this item occasionally and Orwick would like to
be advised when a decision was made on this transmittal. I agreed to
do this.
